About us

A delicious story began somewhere in Epirus, in a beautiful house by the lake. With a lot of playing, happy voices, fragrant smells and a grandmother who introduced us to the secrets of gastronomy and well-living. Going through an enchanting experience with her, has left us with an important legacy. A legacy that entails recipes we loved, passion and knowledge about food and a lot of fondness for what we do.

In 1999, Panagiotis and Ilias Karachalios laid the foundation for the future, in a small workshop, in a neighborhood in Athens, with very personal care and fondness. Since the first day of the operation, the goal was –and always remains– to offer safe, well cared, healthy and quality products, through a modern and standardized production processes, combining high technology with traditionally authentic recipes.

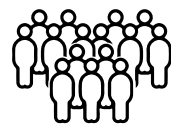

Over the years, we have linked and identified our brand name with the creation of innovative quality and safe products, enhancing our customer-centric character every day. **RODOULA** has stable and reliable partnerships with domestic and foreign suppliers for its raw materials in order to ensure high international quality standards. Through the years **RODOULA** has created many tasty & innovative products, strengthening and supporting its partners businesses' profile, daily putting great efforts through all levels of management in order to achieve higher quality of products.

Bagel

Its story begins in “Konstantinopoli”, it was the refugees from their lost homelands who first lit the wood ovens, and trumpeted it in the streets of Thessaloniki and then it traveled in a different variation in the Athenian streets on the wooden boards. Today we offer it to you without decorations and chatter, respecting those... the old, authentic craftsmen of our history.

Traditional bread

There is a special corner in every neighborhood, full of smiles and warm bread. It is this, a point of reference in our lives, our Bakery... to carry memories and stories. Daddy's fills every corner with bakery products, made with purest ingredients and premium quality flours from Greek suppliers. They are kneaded with passion and love, because only those of us who have struggled with dough know the secrets of bread.
