KOSHER

Dear Partner,

A delicious story begun somewhere in Epirus, in a beautiful house by the lake. With a lot of playing, happy voices, fragrant smells and a grandmother who initiated us to the secrets of gastronomy and well-living.

Through her playing we loved her cooking and her beliefs. Going through an enchanting experience with her, has left us with an important legacy.

A legacy that entails recipes we loved, passion and knowledge about materials and right food and a lot of fondness for what we do. Supplied with these, in 1999, Panagiotis and Ilias Karachalios laid the foundation for the future course, in a small workshop, in a neighborhood in Athens, with very personal care and fondness.

Since the first day of operation, our goal was –and always remains– to offer safe, well cared for, healthy and quality products, through modern and standardized production processes, combining high technology with traditionally authentic recipes, always respecting in a particular way the requirements and specific characteristics of each of our clients.

Over the years, we have linked our brand name and identified with the creation of innovative quality and safe products, enhancing our customer-centric character every day.

- Quality awards : Superior Taste Award & FABI Award.
- Stable and reliable partnerships with suppliers, with the best foreign and domestic firms, in raw materials that ensure international quality standards. However the effort does not end there. Having gained experience over many years, we are setting new realistic goals we are opening new horizons and consistently continue everything that has brought us to the top of your preferences.

We are creating a certain future with many tasty suggestions and new innovative products, strengthening and supporting your businesses' profile. We are daily raising the bar, higher and higher, in order to become useful, beneficial and usable toward you, thereby strengthening our relationship.

Yours sincerely,
